

Women's Retreat 2017

God's Whisper of Love and Forgiveness

Two Contemplative retreat experiences...
come to one, come to both

By offering two locations this year...

we hope to serve more women in our parish community. Both retreats are contemplative in nature and focus on faith sharing "around and up"... with each other around the table as well as personal directed time with our Lord. A relaxed schedule and simplified program set the tone for peacefulness and depth. Our theme of *Love and Forgiveness* is in keeping with *The Year of Forgiveness* our parish is currently celebrating. We look forward to the many graces God has in store as we come together to deepen our relationship with Him and each other.
